What were your main objectives in attending the training classes? Were your objectives met?

Was time period for each session sufficient? Should more or less time be scheduled in future?

Was the material useful? Too advanced? Too basic? About the right level?

Were the handouts and visual materials clear and concise?

Do you have any additional suggestions for future training seminars? Who? What subject?

Would you recommend the conference to other service professionals?

Was the location convenient? How far did you travel?

How were the hotel facilities?

How were the meals?

Did you enjoy the hospitality room?

On the back of this form, please rate your overall experience and offer any suggestion you have for future conferences.
